[Xam Deluxe Edition – EP Review](#)

July 28, 2022 No Comments

Rapper/songwriter Laliboi (Sipho Nkondlwane) and producer Volume (Saul Nossel) return with the deluxe version of their Xam EP featuring remixes from four talented electronic musicians who breathe a more contemporary, alternative sound into the original four tracks. The original Xam found some

success as a Bandcamp exclusive. Although a bit disjointed and inconsistent as a full project, the tracks stood out individually and could draw the listener into their little musical universes. The title track is a powerful and rhythmic acapella performance with strong influence from Isicathamiya and Mbube. In true traditional fashion, there is little instrumentation and most of the music is made from layered vocals and ambient-background noise. Massive props to Loliboi on this one as he delivers a rich vocal performance. Volume does a stellar job in enriching the tones and compiling the parts to make an immersive experience. All the warm, deep voices draw you in...
